Penang Muzeum

The Old Penang Hill's Cable Car in Penang Muzeum

Penang Muzeum is situated in the heart of old Georgetown's city center, Farquhar Street.

If you are visiting Penang, this is one of the place which our company will highly recommend you to visit.

This is THE PLACE where it will clearly presents the people who were in the area, and who come to settle, and the development of the area.

Despite presenting the historical facts of Penang, and Malaysia, the uniqueness of this museum wasn't too heavily text based.

The layout is well organized and really clear despite the small gallery, yet you will never felt cramped. Furthermore, you can pickup the walking tour map of Georgetown !!!
